This class combines CPR, AED and First Aid Training in to one convenient session. Heartsaver CPR/AED with First Aid (as the American Heart Association classifies this course) teaches the skills necessary to recognize and provide immediate care for breathing problems, cardiac emergencies, injuries and sudden illnesses until medical personnel arrive. Participants who successfully complete the skills and written test will be certified for two years by the American Heart Association for: Standard First Aid and CPR/AED for adults, children and infants.
