- 30-Teddy Roosevelt & the Crusade for American West

LIFE: Exciting School Days Ahead for You!

School days, school days...September means back to school! LIFE participants join students across the nation in anticipation of the start of the new school year. This is the year of on-line classes. ZOOM is our friend! Our program booklets are here. We are eager to meet our teachers. We note some welcome friends and other new presenters to check out. A range of exciting topics await. The class calendar is ready for our highlighter as we select our classes. We renew our membership and are ready to go!

Science offerings range from birds, the pandemic, to climate change. Social Studies takes us to China, Russia, or Mexico. Health class? Check out the Meditation series. This would be a good time to join LIFE's Book Club which meets monthly. Theater offerings include Teddy Roosevelt in person, Jessica Michna, and also a chance to meet the creator of The Church Basement Ladies.

Sign up now for exciting school days ahead. Please also consider a donation to the LIFE Program to keep those classes coming!

Learning Is ForEver...Providing adult education, insight, and engagement

Teacher Feature...

Ben Welter, a Minneapolis native and veteran Twin Cities journalist, began scouring Star Tribune microfilm 2005 in search of interesting stories and photos dating back to 1867. Three books based on his blog have been published by The History Press and are available in Minnesota bookstores and on Amazon. The latest, "Minnesota Moxie," features mostly true tales about Minnesotans, famous and obscure, who demonstrate grit, muscle and determination.

Ben Welter will present on
Sep. 23 and Oct. 20
