LIFE : You are the Best Source of Marketing!

At LIFE, we are very intentional about getting new members. We have a number of ongoing and one time activities to find and recruit new members. One example is the placement of LIFE Tri-fold brochures and catalogs at public places around town. This is done each semester by some of the LIFE Advisory Board Members. We also utilize social media and email marketing to find new members and remind people of upcoming events. The best source of new members isn't our marketing activity. The best source of new members is by personal referral ... that is you ... inviting your friends. We do all we can to make it easy. For your friends, or even casual acquaintances, the first class is free, www.learningisforever.net has all the class information, and there are scholarships! For you, we have two deliverables that make your job recruiting easy. The About LIFE Bi-fold has all the information you could ever want to know about LIFE and becoming a LIFE member. The business card-size, LIFE Information Card contains an abbreviated version of the information you need to become a LIFE member. Both are available in the back of the LIFE classroom and in the LIFE Program office. (Rm. H1305)
